

Mystery Scavenger Hunt

Setup

1. A leader in your group will need to open the webpage using the QR code.
2. Select your group to get your first clue.

How to

Follow the clues and instructions on the app to move from point to point. When you reach a location use the clue to find the code to move on to the next clue.

A map is included on the back of this sheet.

Some clues may be written instructions, grid references, photos, or a combination of these. These will also describe where to find the code to enter in the app.

The app will save your progress if you refresh the page.

Rules

1. Follow the instructions of your group leaders at all times, even if they contradict the app.
2. Your group leader is not required to hand you their phone. Just show you the clue.
3. Take care crossing roads and use crossings wherever possible.
4. Be back at the hut by the finish time, even if you have not completed all the clues.
